

PATREON

About Patreon

Patreon is the best place for creators to establish ongoing and predictable monthly revenue and expand their careers as creators through membership. Patreon helps turn fans into patrons supporting their favorite artists by allowing them to become paying members of those creators' communities in exchange for exclusive membership benefits.

Quick Facts

- Patreon is a membership platform for creators
- Patreon is home to over 100,000 creators, supported by 3 Million+ active patrons
- Patreon is on track to pay out \$1B to creators since its inception in 2013
- In 2019 alone, Patreon will send creators more than half a billion dollars to fund their membership businesses
